Navy WAWF Snapshot

- Above DoD goal for overall WAWF use
 - ONEPAY invoices lagging
 - High Electronic Rate, but low WAWF rate in some cases
 - Manual Invoices still significant
 - New DoD WAWF goal being considered (90%)
- Navy WAWF Help Desk working well
 - Averaging just under 100 calls/week
 - Expanding role to travel/train Government WAWF users
- Navy WAWF testing working well
 - NAVSISA (Mechanicsburg PA) lead
 - v5.0 Testing critical

Obstacle Update

- Reports from WAWF
 - v5.0 business intelligence (reports) in testing
- Vendor and User Password Resets
 - DISA Ogden is the GAM for vendors
 - Backlog reduced!
 - Directing vendors to establish GAMs
 - v5.1 will eliminate “case sensitive” secret words
 - Downward trend for Navy calls
- Navy FMO policy/guidance forthcoming
 - LPO Designation “Rules”. Pending signature of OSD Policy memo.
